

## Access to *Junior Librarian* & *Eclipse.net*

*Junior Librarian* and *Eclipse.net* are the respective online school library catalogues for primary and secondary schools in Guernsey. These sites can be accessed either from school or from a home computer/device.

If you are having any trouble with pages not appearing, please note that some pages within the site are designed to appear in new windows. To fix this, 'pop-ups' (pages that appear in new windows) will need to be **enabled** from the site. The screenshot to the right shows how this can be done.

If you are unable to access *Junior Librarian* via a computer, please note that the Junior Librarian App is also available for download [here](#) for mobile or tablet devices.

Both *Junior Librarian* and *Eclipse.net* will allow you to browse your school catalogue without logging in. However, if you wish to download eBooks, you will be required to log in using your library borrower number. **This number will serve as both the username and the password.** If you have any trouble with logging in, there should be a poster displayed in your school that can help you – please ask your School Librarian.

Please note that the following online resources will also require a username and password:

- Britannica
- History Reference Centre
- Science in Context
- GREENR
- Global Issues in Context
- Digital Theatre Plus

If you need help logging on to these resources, then please call the Centre on 714098.
